

Son nguyen
Senior QS & Estimation Manager

Graduated from Can tho University, specializing in Marine in 1991, Son Nguyen holds a second Bachelor Degree in Information Technology from Ho Chi Minh City University of Technology in 1995 and is our Senior Manager in charge of our Quantity Survey & Estimation Department.

When a student, Son had got a great opportunity to experience in the field of Construction & Interior Fit-out industry through working part time as an Estimator for a Construction & Interior Fit-out Company, which facilitated him to understand more of the inside knowledge of the trade and helped him realized how interested the nature of this work was for him. Therefore, Son has constantly learnt and accumulated as much experience as he could during that time. This process helped Son decided to set his career on this path after graduation.

Although with over 15 years of experience as an Estimation Manager, Son never stops improving himself and always stay updated with the current market on this ever changing industry of interior so that he can always produce accurate and competitive quotations, in order to win the projects and more importantly to receive trust and satisfaction from our clients over successful projects with expected quality and worth the investment.
