

Bao Truong
Business Development Director

Being recognized as an "Overall Outstanding Student" by the Principal of Ho Chi Minh City University of Architecture, Bao Truong is a qualified Architect since 1993 and has received the Architect Practice Certificate since 2003. He also holds a second Bachelor Degree in English Language from Ho Chi Minh City University of Scientific Society & Humanity.

Having practiced in the fields of Architecture and Interior Design continuously since his graduation in 1993 in both aspects of creativity and business development, Bao has gained many valuable experiences throughout his many years of work, that have helped him build up an extensive networking in the industry and maintain great business relationships in general. Prior to joining Prime, Bao has worked with several architectural design firms, most of which were well known international firms such as O2 Architecture as well as successfully running his own Architectural and Interior Design practice of TTP Architects.

With this great passion for Architecture and Interior Design plus a proven track record and out-standing performances over the past 20 plus years, Bao is an appropriate partner of the company and is currently overseeing the development of our company businesses within Vietnam and also expanding to the neighboring markets. Bao's great contributions are not only to the successes of the company, but also to add more value to many projects that Prime Construction has successfully completed.
